1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Margaret Dobrowitsky on July 19, 2001.

The application has been amended as follows:

Claim 1, line 9, --an axis through-- is placed after "about";

Claim 2, line 2, --a-- replaces the first mentioned "the";

Claim 6, line 2, --battery-- is placed after "one".

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious the claimed battery cover having a handle, which handle fits within a slot in the cover. The handle also includes arms having arcuate portions with a stepped indentation, which indentation engages a locking member to hold the handle in an upright position. None of the art teaches the combination of all of these features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
